Lynda.com – Courses & Online Tutorials

Lynda.com offers a wide range of online tutorials and classes. Class videos are available on many topics. You can take an unlimited number of classes per year.

Set up your Lynda.com Library Account:

2. Click on the Lynda.com logo.
3. Select Create a profile.
4. Input your library card number and create a password for your account. Click Create Profile button.
   a. Click No, I've never had an account.
   b. Input your information into the boxes provided. Click Save.
5. Find a topic/class.
   a. Use the search box to look for a topic.
   b. Browse topics by using the Library drop-down menu.
6. Filter classes and tutorials by using the options to the left of the page. (Ex. Skill Level, Duration, etc.)
   a. Learning Paths: Prearranged class path to help student progress through skill sets in a logical manner.
   b. Skill Level: Filter classes by skill level and difficulty.
7. Click on the course/tutorial to begin the video(s).
   a. If you see a class you want, Add it to Playlist so you can find it again in the future.
8. To see your account, click on your name:
   a. Playlists: Courses you have added to play later.
   b. History: Courses you have taken.
   c. Certificates: Completion certificates you have received.

**Note: If you sign up for a class that requires a specific program, for example: Photoshop or Quickbooks, you are responsible for getting that program on your computer. The library computers have Microsoft Office 2013 on them.**
