The Board agreed that new statistical charts provided in the packet provide more useful information. Mrs. Kuonen and Mrs. Snyder added that, as we are new into the Clevnet system, some numbers may be off, however SIRSI/Workflows should resolve the issues in the near future. Also, the ratios of loans between the libraries reflect Mentor Library being new to the system, and these numbers should self-correct as more loan requests are received.

 Mrs. Kuonen also highlighted that circulation numbers have gone up, even with the increase in the check-out period from 2 to 3 weeks.

Christine Henninger joined the meeting at 5:09 PM.

Mrs. Kuonen stated that the 200th Anniversary community mosaic “Mentor Marsh” has been framed and will be hung by the end of the month over the main stairway.

Mrs. Mervo asked whether there was negative, or any, feedback about the unlimited public computer use time. We have not received any.

C. Financial – Colleen Snyder, Fiscal Officer

i. Financial Reports, July 2019
Mrs. Mervo stated that the PLF percentage of 1.7% does not necessarily reflect an increase in funds. Mrs. Snyder added that the Annual Budget Commission met on Monday, August 19 and the proposal is to increase the percentage next year to 1.8%.

Upon a question from Mrs. Maier, Mrs. Snyder stated that the Lake County Commissioners are the gatekeepers for state funds coming to Lake County Libraries, and that Morley Library distributes the funds based on statistics provided by the libraries (and applied to a formula).

c. Read House
Mrs. Kuonen updated the Board on a press release being prepared for release next week that will inform the public on the status of the Read House and the Board’s due process of assessing all documents on needed repairs and use of the house as applied to the Strategic Plan.

Mrs. Kuonen added that book sales have been moved to the Main Library and that the public has reacted very positively to the better lighting, more space and easier access, with no drop in sales or monies collected. Over 11,000 people have attended library programs at the Read House and lawn since its purchase. The land continues to be very valuable for this purpose.

Mrs. Maier asked questions regarding the values of the home and land, and estimates for repairs. Mrs. Kuonen stated that the home value is approximately $49,000, the land value is over $100,000. Mrs. Kuonen added that 2 different architects gave rough estimates for home repairs at approximately $200,000 with a lot of unknowns including asbestos abatement with construction, wood rot around windows, and other conditions due to the age of the house. All interior walls are structural, so repairs would not include changing the layout of the home.
