

## Our Mission:

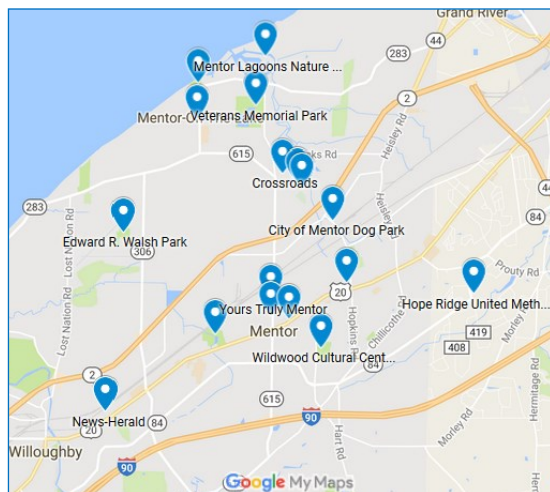

“Mentor Public Library is your community library. We foster lifelong enrichment by providing materials, services, and programs for literacy, learning, and pleasure in an environment of intellectual freedom and confidentiality.”

@ MOL City Hall

“The Little Free Libraries provide another way for the community to connect with the library and with each other. Take a book, leave a book—or just take a book. We are very simply promoting reading and reaching out to folks who may never have crossed our thresholds.”

## FAQs:

LFLs started in Wisconsin in 2009 in memory of founder Todd Bol's mother and her love of reading. "The concept was simple: take a book, return a book." The LFL's have become so popular, they are now a global phenomenon in 70 countries. For more information, including a map of U.S. locations, please visit their website at [littlefreelibrary.org](http://littlefreelibrary.org).

Community members and users of Mentor's Little Free Libraries are encouraged to share their favorite reads by placing them in a nearby Little Free Library - *Take a book, leave a book.*

Books supplied for the Mentor Little Free Libraries are not part of Mentor Public Library's collection. Books for re-stocking purposes will be available to LFL stewards as needed.
