Foreword

Friends, gather around. I am not a man to boast, friends, but the show you are about to see is the most colossal, the most revolutionary, the most stupendous spectacle ever produced.

Within these very pages, friends, yes, these very pages, is a variety show the likes of which you have never before encountered. Four years in the making, and with a cast of hundreds, the '53 Annual is "The Greatest Show on Earth." (Now don't crowd me, friends, you can turn the page in a second.)

I wish I could tell you more about how the show was made, friends. I wish I had time to tell you about the exciting moments, the happy moments, and the sad moments that went into the last four years. If I could, then you would understand why it has given us such a thrill to see our show completed. Of course, we're amateurs, and this was just our first attempt. But we're starting another show now, friends, an even greater production. And, to complete it, it will take us an entire lifetime. A million problems will arise before our next show is done, and when they do, I guess we'll use the experience we gained from our first show, and meet our difficulties without too much trouble.

But let's not waste valuable time, friends. Step right into the "Showboat" and take a seat in any section! The show is about to begin! Is everybody ready? Then roll 'em and flip the page! Curtain going up!!
Dedication

Without a doubt, the man behind the scenes in any theater is often burdened with the most headaches, and, in Mr. Andrews' case, this is certainly true. In Mentor High School's own drama, morning after morning, when "The Mob" surges into the office, Mr. Andrews can always be found handling the crowd swiftly and tactfully. For it is he who must decide who was actually sick and who merely stayed home to get a few more licks in on "The Fourposter." And when the sports seasons roll around, Mr. Andrews is "The Quiet Man" who sees that they run smoothly.

In gratitude to Mr. Andrews for the many things he has done for us, and for just being his good-natured self, we dedicate our book, the 1953 annual, to him.
The administration of the high school was once again under the guiding reins of Mr. Dale Rice and Mr. Ellis Hostetler. They were aided this year by an addition to the staff, Mr. Howard Shadle, who filled the newly-created post of business manager.

Only five new faces were seen in the faculty this year. They were Mr. Thomas Jones in the English Department, Mr. Thomas Osborne in the Commercial Department, Mr. Frank Henck in the Music Department, Mr. Lynn Bell in the Manual Arts Department, and Mr. Frank Sanderson in the Science Department. They were headed by teachers who had previous experience at Mentor.
The purpose of education is to develop the abilities of each individual for the fullest participation in our American way of life.

In Mentor High School, your range of experience has been broad and varied. It has included not only the basic learning skills but also those activities which train for leadership, cooperation, and service.

As you complete these experiences and move into the new fields of activity beyond graduation, we urge you to be ever mindful of these valuable lessons and employ their principles in your participation as citizens in this great American democracy.

I extend to you, Class of 1953, best wishes for a happy and successful future.

D. R. RICE
SUPERINTENDENT OF SCHOOLS
There were times when high school graduates looked into the future and made plans, with the feeling that the world about them was stable, static and unchanging; that only they were going to change, and make changes.

Great world-changing events of the past few decades have followed each other in such swift succession that the things of yesterday are out of date; planes, bombs, cars, refrigerators, books, clothes, ideas, and discoveries of yesterday and today out of date and old fashioned.

Education was designed to equip you, class of '53, with knowledge, skills, ideals, and character which will give you reasonable stability in an ever-changing world; and to fit you to help mold those changes that occur into desirable patterns. Continued progress is assured only as each generation in turn uses its trained abilities in that way.

When September rolled around, Dan Snyder was chosen to be "The Promoter" for the senior class... Veep Tom Hawk became the "Young Man with Ideas" in his planning of the home room programs... "Sudden Fear" came over the class when treasurer Nancy Chapuis announced a lack of money. However "Anything Can Happen" with seniors selling stationery, Christmas cards, and magazines, and the treasury soon began to swell... "The Greatest Show on Earth" was produced by the students in Senior play "The Silver Whistle"... Carol Fowles played "Confidence Girl" and took down a full account of the class meetings... "Lovely to Look At" Carol Aurada reigned over the homecoming game... The Senior Dance was a huge success in "Annie Oakley" style... When May came around it was the "Turning Point" for the seniors and after Commencement each took his own "Road to Bali" or "Road to Rio".

Don Snyder, Mentor High senior class president, presents Superintendent Dale Rice of the Mentor School district with a new electric scoreboard for the gym. Normally, the senior classes make their gifts a few months in advance, but this was urgent due to the need of upgrading the gym a few months.
In the fall the juniors came "Face to Face" with the fact that they were going to need lots of money to take their "Dreamboat" to the annual Junior-Senior Prom. At the football games and in the halls they could be heard saying, "I have a wonderful candy bar 'Just For You.'" There was no "Monkey Business" going on for they had the many responsibilities of ordering class rings, planning the prom and getting ready for their big senior year.

The upperclassmen began to notice the sophomores who were beginning to make their debut on the football and basketball teams and in the choir. Everyone had a "Happy Time" at the first dance of the year, put on by the sophomores. By checking coats at the games and dances the sophomore's treasury began to swell.

A great shock to Mentor High was when the freshmen came in from the Junior High in both quality and quantity. Even though they were small, their minds were "Above and Beyond" the pint size, and they excelled in everything they did.

CAVALCADE
On August 20, thirty-five boys, some awkward, most of them light, but all eager, reported for the first football practice. Only nine lettermen were on hand to bolster the green, lightweight squad and Coach Lee Tressel had reason to expect a tough season.

Before league play opened, Mentor was regarded as a soft touch by the other teams of the area. But the Cards surprised everyone and proved what fight, teamwork, and good coaching could accomplish by going undefeated in the independent frays and winning three out of four league games. The only defeat of the year was suffered in the first league tilt at the hands of the Fairport Skippers, whom we tied for the N. E. C. championship.

The final scores were: Mentor 26, Mayfield 0; Mentor 13, Fairport 26; Mentor 34, Bedford 7; Mentor 13, Riverside 0: Mentor 27, Kirtland 19; Mentor 31, Painesville 7; Mentor 37, Geneva 13; Mentor 47, Ashtabula Harbor 12; Mentor 26, Willoughby 7.
First Row — Jim Orvis, Jim Rankin, Butch Vrhovc, Keith Merrilat, Bob Reed, Russ Stewart, Dave Bukky, Don Morris, Chuck Reeves, Bob Pawul, Ed Lors, Pete Hawk, Howard Horn, Bob Woodrow, Doyle Lucas.

Freshmen Football Team

The freshman football team, under the direction of Coaches Reese and Hickerson of Center Street School, went through the season undefeated. The scrappy eleven compiled the imposing record of five wins and no losses, vanquishing Geneva, Fairport, Mayfield, Riverside, and Painesville.
Basketball
Although we didn’t win all the games this year, our basketball team had the best record of any Mentor team during the past five years. We lost five games by two points during the first half of the season, but caught fire the second half and triumphed over our neighboring rivals. We beat Fairport for the first time in many years in an overtime thriller that will be remembered by many for a long time to come.

The J. V.’s had another triumphant season, with Coach Tressel’s junior Cardinals successfully defending their N. E. C. championship.

The freshman cagers showed that Mentor will be reckoned with in future years, by impressively defeating every team in the area.

Track Squad

This year the track squad was under the direction of Coach Sanderson, who moved up from Center Street School to replace Coach Tressel. Once again a strong track team was turned out, as the Cards dominated the area.

An old Mentor alumnus, Harmon Traxler, was in charge of the baseball team. This is just the third year for the new varsity sport and snappy new uniforms were purchased by the athletic fund for the Cardinal nine. With every school in the Northeastern Conference now fielding a varsity baseball team, this year baseball became a league sport.

Paul Koester, one of our class' finest athletes, went "basket-happy" in the Press Greater Cleveland Foul Shooting Tournament this year. "Placid Paul" planted a perfect twenty shots in twenty attempts and swiped the title from 67 other school champions who vied for the grand prize. For this "smashing" performance, Paul "crashed" New York (all expenses paid) and 'stashed' away two gleaming trophies!

Outstanding Activities

Featured among other events at Mentor High this year were the numerous extra-curricular activities. By active participation the students showed talents "Above and Beyond" those displayed in the classroom.

Goodwill was the keynote of the Y-Teens as they sent chocolates and presents to needy European children.

The Thespians and Dramatics Club sponsored three, one act plays which were entered in the Ohio Speech League Contest.

Nine excellent issues of the Com-Mentor, which kept the students well informed, were made possible by a successful magazine drive.

The F. B. L. A. presented an interesting and informative assembly along with their many other activities.

A delightful evening was had by all at the "Winter Wonderland" ball sponsored by the members of the G. A. A.

The Band and Choir displayed their talents not only in their annual concerts but also in the district contest which was held in Euclid.

Among the many fine students at Mentor High, six juniors and ten seniors were honored by being chosen for the National Honor Society.

Another group of Mentor students attended the annual Lake County Scholarship banquet held on February 25.

Throughout the year the Student Council helped to promote pride in our school by presenting a Clean-Up Plaque to the most deserving home room.

Student Council

Though the 1953 school year has passed, there are "Great Expectations" for the years to come because of the talent and spirit shown by the underclassmen.

The 1952-53 Student Council held its annual election in the fall and the members chose Dick Barbieri to lead them through the year. The other officers elected were Larry Reeves, Vice President; Saundra Walker, Secretary; and Jim Eckley, Treasurer.

The Student Council started out the year with a very successful clean-up campaign and also did its best to promote an orderly, systematic lunch room.

The main project of the year was the Student Traffic Committee in which Dick and his committee worked out a system for parking the cars and provided Mentor High stickers for students carrying driving permits.

One of the more memorable events put on by the Student Council was a basketball game between the faculty and the all-stars. Also, throughout the year, the Student Council put on many different assemblies which were enjoyed by all.

Choir and Glee Clubs

Under the leadership of our new director, Mr. Frank Henck, the Choir and Glee Clubs did an excellent job in all their performances.

At the Installation Assembly the Choir made its debut and throughout the year sang for other various assemblies.

One of the main events of the year was the well known "Song of Christmas." The Boys' and Girls' Glee Clubs also sang many memorable Christmas songs.

In the spring, as usual, the Choir and Glee Clubs all participated in the district contest and came out with very good ratings. Some of the numbers sung were, "Listen to the Lambs" and "Dark Water".

To wind up their singing year, the three groups put on their annual spring concert, which was thoroughly enjoyed by all who attended.

Band

Beginning the new school year with a bang, the Mentor High School Band stepped out in fine order to entertain the many spectators who attended the football games. A variety of half-time programs was presented, including the crowning of the football queen, and the honoring of senior band members.

Following the football season, the band began the long, strenuous task of preparing for its busy concert schedule. Included in this schedule were the impressive Winter Concert and the annual Spring Concert. Another important performance was given at Euclid High School where our band competed successfully with other bands for top honors.

Future Business Leaders of America

Lectures, square dancing, potluck suppers, bake sales. Money, money, money! All of these things equal a good business club, which is the Mentor Future Business Leaders of America. Leading this successful club through an outstanding year was Dan Snyder, President, with the able assistance of Mr. Clarence Phillips, who has been the advisor for several years.

Education and entertainment lend themselves to the business world while you are learning the principles that will make you a good businessman or woman. Each monthly meeting provides interests for all.

At the State convention our chapter gained more precedence by having had the State President, Bob Misley. As the years go by this club grows larger and continues to carry on its good reputation.

Mrs. Marian Smith, Mrs. Lola Markell, Mrs. Garvin, Mrs. Bradenbaugh.

The cooks and janitors are a part of Mentor High School that does not receive much publicity. Consequently, they are not too well known, but they are most essential to the well-being of the school. The cooks spend their time in the cafeteria preparing the lunches, while the janitors can be found most any place doing the maintenance work.

WHAT CHANCE
HAS THIS BOY TODAY?

Do you believe, really, deep in your heart, that golden opportunities for self-made men still exist in this country? Is it possible that this bootblack might someday be scanning the stock market? Or did the frontiers of success close with the graves of our grandfathers?

Consider this:
In 1900 a new frontier opened when our nation produced aluminum. Some thought aluminum could grow only at steel’s expense. In the next half century, aluminum did grow, to eight hundred thousand tons. But steel went on regardless, in the same period—from eleven million to 105 million tons. And in the making of every additional ton of both steel and aluminum, additional tons of soda ash and caustic soda were consumed.

Consider this:
One of today’s insatiable, new markets for chemicals is plastics. With modesty—or maybe with reasonable pride—we say still more careers will open soon, more in the chemical industry than in any other. In Diamond’s laboratories, the future is being charted along horizons yet only dreamed of, but just as promising as aluminum and plastics.
