To Our Moms and Dads

We, the class of 1956, dedicate our "Cardinal Notes". They not only helped us in our studies but also pulled us through when our finances needed support. Because of their assistance, "Time Out For Ginger" was a successful presentation. In the spring when our funds were alarmingly low, they again contributed their help to make our rummage sale a success. For these reasons and many more, we dedicate to you MOM and DAD, our yearbook.
ALMA MATER

Keep the banners waving o'er us,
Floating toward the sky,
We've a team that's fighting for us,
Cheer for Mentor High!
Alma mater, alma mater,
When from thee we part,
We shall keep thy memories ever
Woven in our hearts.
We’ll miss him yes, but don’t be sad that he has gone away
For he has only come to the end of a happy, perfect day.
For wasn’t he happy? Yes, he was — the happy guy I knew,
As perfect as springtime, as joyful as wind, and as sweet as the morning dew.

A cheerful, happy, carefree friend, singing a snatch of a tune,
He sparked our days with happiness that we won’t forget too soon.
He had a glow that shone within, and a smile mischievous and slow.
He created a merry atmosphere and made friends wherever he’d go.
But he isn’t gone, for his kind doesn’t die when he departs,
So don’t be sad, for you see? He lives within our hearts.

—Anonymous
I recently heard a little quip ascribed to the great Danish sculptor, Bertel Thorwaldsen. It said that a noted visitor once asked the well known sculptor, “What is your greatest statue?” Without hesitation, he replied, “My next will be.” He was looking to the future for even greater accomplishments that his great success of the past.

Here is a thought for every senior who is successfully completing his work leading to graduation. You, as individuals, have achieved many successes throughout your high school career. You have noted accomplishments in the fields of scholarship, athletics, music, dramatics, and other high school activities. With your graduation, you will start anew in your chosen field of endeavor and I urge you to look to the future with confidence that your achievements may be even greater than in the past.

It is with pleasure that I extend to you our best wishes as you turn to those new and challenging endeavors in the years ahead.

Superintendent of Schools

Graduates of '56: An important phase of your life, the high school period, is just ending; an even more important phase, for many of you, is just beginning.

Choice of college, vocation, branch of military service; choice of friends, employer, life mate; choice of home, community, church and fraternal affiliation; all will confront you for important decisions in the next few years.

Your parents, teachers, friends, and other associates can give you valuable help in making these decisions to the greatest advantage; they are interested in your success, too. Your education up to this point should have fitted you to make the most of the guidance help you can get. The progress you make will rest with you. Good luck, Seniors, as you "commence" this new phase of life!

November 11, 1955 ended one of the most spectacular football seasons ever to be enjoyed at Mentor. Besides securing their fourth consecutive conference championship, the remarkable Cardinals also extended their incredible winning streak to 34 straight wins, one contest away from immortality, placed as the sixth best eleven in the Cleveland vicinity and had nearly every man in the starting line-up on some type of honor team.

Under the expert direction of Coach Lee Tressel and his competent colleagues, the Red Birds gradually gained momentum as the season progressed and finished their nine game schedule with a flourish by defeating Willoughby.

Outstanding Memory

September 25, 1955

A trip to West Virginia.

The most unforgetting moment was the train ride from Morgantown to Charleston. The scenery was spectacular and the Wayland Hotel in Charleston was a delight.

Every year I visit Charleston and West Virginia for the same reason. The people are friendly and the food is excellent.

Favorite Picture

The picture I like best is the one of me at the age of 8. I was standing on the roof of the schoolhouse and looking over the town.
