CARDINAL

of
The NOTES 1958
As the Cardinal Notes of 1958 took shape, memories flooded back, true, memories that can never actually be shared, but, nevertheless engraved indelibly upon the minds of this year’s graduating class.

From ruling the roost in eighth grade, we became practically social inferiors, looking up to the sophomores, respecting the juniors, and positively awed by the seniors. However, amid the excitement, the year passed quickly, and we moved up the ladder . . . we were sophomores. Perhaps “suffermores” would be more accurate; we were still low on the totem pole, the freshmen stayed at Shore that year.

Getting up in the world, we entered our junior year. Between asserting our authority over the sophomores and listening to the admonitions from the seniors, we tumbled through an eventful year climaxed by the Junior-Senior Prom.

Now we are seniors, preparing to leave our alma mater for college, jobs, or the armed services. But, before we leave, we would like to present you with a little memento of our stay, so stay “tuned” to . . .

The Cardinal Notes of ’58
"I'll lend you for a little while
A child of mine," God said —
"For you to love the while he lives
And mourn for when he's dead.
It may be six or seven years
Or forty-two or three;
But will you, till I call him back,
Take care of him for me?

He'll bring his charms to gladden you
And — (should his stay be brief) —
You'll have his lovely memories
As a solace for his grief.
"... Should Thy angels call for him
Much sooner than we've planned,
We'll brave the bitter grief that comes
And try to understand."

From God's Lent Child
Dedication

The Senior Class of 1958 would like to dedicate its CARDINAL NOTES to Mr. Otto B. Moor, Junior Class advisor, Com-Mentor advisor, and teacher of English III classes.

Although he is kept busy by these time-consuming duties, he always finds time for a friendly chat with a student, a cheery smile or kind word.

We shall long remember Mr. Moor for his helpfulness to us and would like to pay the tribute due him by this dedication.

TECHNICAL DIFFICULTIES

FACULTY
Mr. Dale R. Rice, having served many years as Superintendent of the Mentor School System, continued his excellent service to the schools as well as the community this year. As a result of the relocation of his offices in the new Board of Education building, Mr. Rice is seldom seen by the students. However, even though he is no longer in the high school, he has played one of the most important roles in our daily school activities.

Without his guidance and tireless leadership, we would not have had as many extra school activities or as many educational opportunities as we now have. These improvements have been accomplished mainly because of his desire to help students in any way possible to get the most out of high school as they prepare for the future.

In thanking Mr. Rice we wish to express our sincere appreciation for the numerous contributions he has made to the enrichment of our school life in general, and for his help in our senior year in particular.

The Board of Education is continually improving the Mentor School System. Elected by Mentor voters, the members of the board assume a responsibility which they successfully fulfill each year. Everyone in the school system is indebted to the Board of Education for its fine work in making the Mentor School System one to be proud of.

1. to r.: Mr. Kenneth Blount, Mr. Clark Harrison, Mr. Howard Shadle, Mr. Donald Brown, Mr. William Ware, Mr. Dale Rice, Mr. Daniel Vaughan, Mrs. C. C. Brumbaugh, Mr. George Briggs, Jr., Mr. John Ruple.
Mr. Hostetler has been Mentor High’s principal since his arrival here in 1942. Since then the school has grown greatly, and, with the completion of the new addition, the increase of responsibility will place an exceedingly heavy burden on his shoulders and may result in his devoting all of his time to the direction of school activities and curtail his activities as an unofficial student advisor.

It will be a great loss to the students if his advisory activities are curtailed for his experience and understanding have made themselves felt and benefited many students.

Education-wise Mr. Hostetler is well qualified for his position. He received his B.A. at Goshen College, Goshen, Indiana, and his M.A. at Kent State University, Kent, Ohio.

His capability is evidenced in the efficiency with which the school is run and the esteem in which he is held by the students.

One of the most respected persons around our school is Mr. Andrews, the assistant principal. With the increased size of the student body it is only logical that the assistant principal should be relieved of all his teaching responsibilities to devote all his time to performing his specified functions.

He carries out his duties which include arranging all athletic contests and serving as dean of boys, with an unparalleled understanding that has earned him the admiration and respect of the entire student body.

Through her endeavors as Dean of Girls and Senior Class advisor, Miss Davis has aided numerous students in overcoming social and personal problems which needed friendly assistance and understanding. Her counsel has earned her the life-long respect of many students.

Besides duties she performs in an advisory capacity, Miss Davis handles the supervision of the cheer-leading squads and all arrangements for girls’ athletic programs.

Formerly tied down by the necessity of conducting all the girls’ physical education classes, this year Miss Davis is free for other duties.

UNDER
CLASSMEN
Junior Class

Back for their second year at Mentor High, the juniors got off to a smooth start this year. Their first project was to elect class officers, and, when results were tabulated, Bob Roy was named president. Serving under Bob was Ray Krstolic as vice-president, Beth Chapman as secretary, and Mickey Kohler handling the finances.

Looking into the future, they began planning for the Junior-Senior Prom as early as October, and, by January, plans for the big event were just about settled.

With the treasury at low ebb it was decided that some projects had to be started to gain money. One of the biggest money-making projects was the operation of the newly constructed refreshment stand at all the home football games. Other projects included the sale of Cardinal pencils and the operation of the junior candy stand.

On the whole, the juniors had a successful year and are looking forward to an outstanding senior year.

Sophomore Class

Entering our halls of ivy for the first time, the sophomore class had the distinction of being the biggest class that Mentor High has ever had. With the help of the sophomore advisors, they soon got into the swing of things around the high school. Class elections were first on the agenda, and they provided some close results. The final slate had Norm Hulderman as president, with Skip Sternem as vice-president. The offices of secretary and treasurer were held by Bonnie Randall and Bill Hoffman respectively.

With no other means of making money, the class was forced to rely on the magazine drive to fatten the treasury. Everybody was willing to cooperate and the class had the highest sales total in the school.

The majority of the class meetings were devoted to various educational devices such as movies, panels, speakers, etc.

With the cooperation shown throughout the year, it is very probable that this class will turn out to be one of the best, as well as one of the largest classes at Mentor High.

COACH RIESEN

The head coach at Mentor is Mr. Armin Riesen. Coach Riesen is head football coach as well as the coach of the wrestling squad. During the spring months he is kept busy assisting Coach Reese with the track team.

While most of the teachers begin their work in September, Coach Riesen begins his work August 20. This is the date on which the football team begins to practice. He works furiously to get the squad in shape for opening game.

At the conclusion of football season, Mr. Riesen is busy recruiting members for the wrestling team. Just instituted at Mentor last year, wrestling is becoming increasingly popular at the high school, and much of its popularity is due to Mr. Riesen's efforts.

When spring rolls around Coach Riesen aids Coach Reese in preparing the track squad for track season. Working together in all sports throughout the year, both Mr. Riesen and Mr. Reese have contributed greatly to Mentor's athletic prowess.

COACH ROSACKER

Mr. George Rosacker is another member of Mentor High's brilliant coaching staff. Coach Rosacker works with the guards and centers during the football season along with coaching the junior varsity squad. With the close of football season, his duties change, and he spends much of his time organizing and officiating at noon-time intramurals.

COACH HICKERSON

Working with the halfbacks and the fullbacks is Coach Hickerson's specialty, and he has helped our backs develop into fine, hard runners. Besides working with the football squad, Coach Hickerson also coaches junior varsity basketball. In this capacity he works with the sophomore and junior boys, grooming them to play on the varsity squad.
COACH REESE

Mr. Clarence Reese is a varsity football coach, head basketball coach, and head track coach. During the fall months, Coach Reese is working with the football team. Aside from the wonderful work he does with the ends, Mr. Reese also serves as team doctor. He tapes up their sprains and wrenches and generally successfully diagnoses their various aches and pains.

Immediately following the end of football season, Mr. Reese assumes his duties as head basketball coach. Here, too, he takes great pains with the boys to make sure they do the best job they know how out on the basketball court.

Track season follows close on the heels of the basketball season and after a short breather, Coach Reese is hard at work conditioning another squad. Last year was his first year with the squad, and he was fortunate enough to win the N.E.C Championship.

Coach Reese is one of the busiest men in the high school. He is working with some phase of high school athletics during the whole school year. It is because of coaches like him that Mentor has such an impressive athletic record.

COACH IANNI

Coach Larry Ianni is a new but pleasant face at the high school this year. Mr. Ianni is another of our football coaches, his specialty being quarterbacks. With his spontaneous humor, Coach Ianni has a great influence on the players. During the spring months he will be found helping Coach Hood with the baseball team.

COACH HOOD

Although Mr. Wallace Hood is a new face at the high school this year, he is a familiar sight to many students. Coach Hood teaches at Shore Junior High, but he worked with the varsity football squad during the summer. In the spring Mr. Hood will coach the baseball team.
FOOTBALL

Mentor's football squad continued in the Card's winning ways this year, going down to defeat only once in conference competition. With Coach Riesen at the helm and a competent staff in Coaches Reese, Rosacker, Hickerson, Ianni and Forshey, the Cards wound up in second place in the N.E.C., bowing out to Painesville Harvey.

The first game of the season saw the Cards dropping a game to the Bay Village gridders, a seemingly faster team, but this game was hardly indicative of the rest of the season, as the Cards limited entries in the loss column to two. On the other side of the ledger, the biggest upset was the University School game. Credited with breaking Mentor's winning streak in '56, the U. S. gridders were decided favorites in the '57 contest, but went down to defeat at the hands of an aggressive Mentor eleven.

One of the innovations introduced this year was a backfield arrangement that managed to throw the majority of our opponents off stride and draw favorable comments from the press. Called, simply, the "I" formation, its use increased as the season progressed, and it proved to be extremely valuable in gaining ground.

Congratulations to the '57 squad and best of luck to the coaching staff and the Cards of '58.

Co-captains — Bob Tuikka and John Hagey

Row 2 — Chuck Mental, Dick Klaus, Harry Yerger, Don Skaza, Ray Kraus, Cliff Logan, Norm Hulderman, Tim Porr, Marinus Hazen.
FOOTBALL MANAGERS

In addition to the players and the coaches, the managers are an integral part of any football team. The jobs they perform are varied. Through the week, they are responsible for the maintenance of equipment and also the players, handling minor repairs in practice sessions. They are responsible for handing out the uniforms previous to a game and, subsequently, for collecting them, sorting, and sending to the cleaners.

The Friday of a home game will find the managers hard at work getting the field in shape for the contest, a trying job in bad weather. All in all, though sometimes strenuous, the work is rewarding in being a part of a football team like the Mentor Cardinals.

BASKETBALL

Mentor High’s cagers turned in a satisfying season’s record under the excellent coaching of Coach Reese. The ability to field a team averaging well over six feet was a big advantage on the boards, as Mentor’s forwards continued snagging most of the rebounds coming their direction throughout the season.

The Varsity Squad followed a strenuous schedule through the season averaging two games a week. While possessing the height advantage, the Red Birds were found wanting in the point-scoring department and were forced to take a back seat in the race for the N.E.C. crown, although they provided spirited opposition in every game, winning approximately 40 per cent of their games.

Mentor High fans can look forward to a good season next year as this year’s juniors will take over the key positions with a year’s experience under their belts.

Congratulations, both to Coach Reese and to this year’s Varsity Squad.
J. V. BASKETBALL

J. V. ball this season was under the capable coaching eye of Mr. Ray Hickerson. The J. V. games were the preliminary events at all the Varsity games.

Playing J. V. ball prepares the boys for Varsity basketball and instills in them a respect for good sportsmanship and clean play, that will last them throughout their lives.

With this year's juniors on the Varsity as the cadre, the J. V. players will fill the Varsity ranks next year.

From their record this year, it seems highly probable that they will be extremely successful in fulfilling this obligation.

Coach Hickerson and his boys deserve congratulations for a successful season.

Row 1 — Norm Hulderman, Lowell Terry, Gene French, Mars Wagar, Bob Dyrenforth.
WRESTLING

Wrestling has finally come into its own at Mentor High as the Card matmen turned in a fine season’s record, riding rough-shod over numerous opponents. Coached by Mr. Riesen, and urged on by veteran wrestlers Chuck Hagenbaugh and Cliff Logan serving as co-captains, the grapplers included in their triumphs the winning of an invitational wrestling match at Hiram, bettering roughly a dozen other schools to claim the honors.

Since the introduction of wrestling last year, student interest has snowballed, resulting in increased attendance at home matches. Coach Riesen is looking forward to next year and the years following and believes that wrestling will become as popular in interschool competition as football and basketball are now.

The squad is to be congratulated for the difficulties that were overcome. With no adequate practice space other than the gym, the wrestlers were forced to practice in the evening, a situation that necessitated private transportation.

All in all the squad in general and Coach Riesen in particular are to be congratulated.
TRACK

With the balmy breezes of spring still in the distant future, members of the track squad can be found around the school most any evening, getting in shape for full-scale practice which follows on the heels of basketball season. Strictly voluntary, these sessions are extremely vital to the production of a good track squad.

This interest may account for the fact that Cardinal track teams have proved a worthy opponent for numerous schools. A championship track team is the rule rather than the exception around Mentor High. A quick survey of the trophy case serves as a testimony to the effects of intense practice.

This year the squad will be under the direction of Coach Reese who will be aided by Coach Riesen. Sports fans around the area are looking forward to another Red Bird triumph in the N.E.C.
Spring thaws will find a familiar scene around Mentor High, as the baseball players jockey for a favorable position in the crowded cars on the way to Hanna diamond. With no facilities for practice near the school, the team is forced to play its games, practice and otherwise, a long walk away from the school.

This year the team will be managed by Coach Wally Hood. It is very probable that, drawing from seasoned hands, Coach Hood may be able to put together a team of championship caliber.

The Girls’ Athletic Association boasts a membership exceeding 90% of the girls of Mentor High’s student body.

The biggest social activity of the year is the G.A.A. Formal. Held sometime in December, it rates second only to the Prom in both splendor and attendance.

However, the main function of the G.A.A. is to promote good sportsmanship and team work among the girls. Towards this end the girls participate in numerous intramural sports—soccer, speedball, badminton, ping-pong, volley ball, baseball, and basketball. Participation in various outside activities is organized, with skating, riding, swimming, and bowling being offered.

At the end of the school year, awards, determined according to participation, are given to the outstanding members.

VARSITY CHEERLEADERS

The Cheerleaders would like to thank each and every one of you for all the spirit and good sportsmanship you displayed throughout our entire 1957-58 sports season. The pep and enthusiasm was in excess of any shown in previous years.

Mentor is proud of its good sportsmanship, and rightfully so, but we are also proud of you, as individuals, for your individual cooperation.

Your loyal support was wonderful, and we wish to thank you for rewarding our efforts with such enthusiasm.

Loretta Espie was chosen, along with her attendants, Gail Woodrow, Carol Skagenberg, Gail Bukky, and Judy Carlson, to reign over the annual homecoming festivities.

Queen Loretta was presented with the football to be used in the game at the pep assembly preceding the Willoughby game. That night, at half time ceremonies, she officially presented the ball to the co-captains, and was crowned.

The following week-end the queen and her court reigned over the annual Homecoming Dance.

ACTIVITIES
One of the most important projects of the senior year and the one involving the largest number of seniors, is the publication of the annual. All of the work, from the preliminary layout to the final dummy, is done by the students with a big assist from Miss Stoner, the faculty advisor.

Members of the make-up staff started their work early in the summer, and, with other staffs entering the picture, worked on into the new year to polish up the annual and make it the best one yet.

STUDENT COUNCIL

One of the most active and, consequently, the most important of the organizations around the high school is the Student Council. Besides offering a means of expressing student opinion, the Student Council offers experience in government, even though it is small scale.

With the agreement of the administration, the Council is empowered to enact and enforce any rules they think will benefit the student body, and this year they have perhaps made their biggest contribution to Mentor High.

Each class is represented by members from each homeroom, while the officers, rather than elected from membership, are elected by the whole student body.

Each year the faculty, on the basis of scholarship, leadership, and character, chooses a senior girl as representative of the "ideal senior girl."

This year this honor was bestowed on Peggy Phillips, and, according to tradition, she presided over the annual Installation Assembly after she was presented to the student body.

There is no question as to Peggy's eligibility for this honor. She has been extremely active throughout her high school career, and is well-liked and respected by all.
Unlike the majority of the clubs at Mentor High, the Scholarship Club is not a service organization. Neither is it for the purpose of bringing together people with common aims in life; rather it is an honorary club, with memberships being awarded for superior scholastic performance.

The Mentor Scholarship Club is a member club of the WMPW Scholarship Club, and the main event of the year is the annual banquet of the county-wide organization.

Membership in the club is regarded as a badge of scholastic superiority and is analogous to the club for recognition of athletic prowess.

Row 1 — Gayle Ilsenburg, Beth Chapman, Joan Rees, Barb Ewell, Beth Thorburn, Bonnie McLaren, Joanne Hare, Roberta Prentice, Florence Dubaymsky, Sandy Sinko, Pat Abbott, Karen Reindeau, Sally Curran, Marcia Hilliard, Mary Ellen Zeman, Barbara Molnar.

Formed in the fall of 1955, the Key Club is essentially a service organization and endeavors, through various projects, to aid the school and the community materially. The membership is limited by the constitution, and the members are admitted according to their record of participation and cooperativeness in other projects. The Key Club advisor is Mr. Pitzer, and he works extensively with the club's executive committee to lay out an interesting and profitable program for the club.

Row 1 — Sue Goshorn, Jeanne Habberjam, Gayle Madsen, Pat Brody, Lee Kraus, Sue Seborg, Ruth Leibrock, Karen Meyer, Gail Holan, Pat Archer, and Barb Bauer.

Under the expert guidance of Mr. Moor, our school paper has proved one of the most beneficial and important activities in Mentor High.

With reporters active in every field of endeavor around the school, the Com-Mentor offers an unparalleled source of information concerning the various social functions, athletic events, and other activities at Mentor High.

The staff consists of a fairly large number of seniors, but anyone with a flair for expressing himself in words has a chance of becoming a reporter.

Congratulations to Joan Rees and her staff for making the Com-Mentor the top school paper in this vicinity.
Mentor Hi-Lites

With the school's own publication coming out once a month, the Hi-Lites fills the need for comprehensive weekly coverage of high school news. Originated in 1954, the Hi-Lites is backed by the Willoughby News-Herald and is steadily growing in popularity.

The job of deciding upon the news for each issue and the articles for a two-page spread falls on the Editor-in-Chief, Chuck Bos. Assisting him are page editors Karen Meyer and Andrea Orvos, with Frank Forsythe handling the sports' reports.

The reporters are numerous, with a number of them being underclassmen that are getting valuable experience for future work on the school paper.

An editorial column provides weekly expression of student opinion on various topics and supplements the reporting of actual news. With this feature and the excellent reporting, the Hi-Lites can look forward to taking its place as an integral part of each student's high school experiences.
The National Thespians Society was organized in order to provide recognition for outstanding work in the field of high school dramatics.

Membership may be gained either by acting in one of the annual plays presented at Mentor High or serving on a set number of crews.

The annual presentation of the Thespian Society is the All-School play. Presented in the spring, its cast includes students from all three classes.

F. B. L. A.

Future Business Leaders of America, better known as F.B.L.A., was formed with the intent of providing a club to bring together all students taking a business course and intending to go into business upon graduation. To this end they hold frequent meetings, usually featuring a guest speaker from the field of business, who answers questions concerning his occupation and related fields.

Their outstanding program of the year is their annual banquet, which they carefully plan with the assistance of the faculty advisor, Mr. Phillips, who also is responsible for the popularity and large membership of the organization.
PEP CLUB

Mentor's phenomenal enthusiasm for sports and the whole-hearted backing of the athletic teams is no accident. The Pep Club is responsible for a large cheering section at all the varsity games, whether it be football, basketball, etc.

If there is an away-game, the club organizes a car caravan and generally promotes excitement as to the outcome of the contest, and this excitement generally results in good attendance at all athletic events.

The club's biggest project to date is the proposed installation of folding bleacher sections in the gym, which will bring Mentor up to date in relation to the other schools in their league.

The club boasts the largest membership of any club in the school and includes those participating in varsity sports and the cheerleaders.
Varsity "M" is, as its name implies, a club for those boys that have earned a varsity letter in either football, basketball, baseball, wrestling, or track. All new members are formally initiated, supposedly to prove their athletic prowess.

Like the other clubs in the high school, Varsity "M" has definite objectives, among them the betterment of the M. H. S. athletic program, promoting good relations between the faculty and members, and encouraging good sportsmanship and cooperation among the students.

The faculty advisors for Varsity "M" are Coach Riesen and Coach Reese, who take active part in the program and all the projects of the club.
F. T. A.

Future Teachers of America is, as the name implies, a club for those intending to become teachers, and its main function is encouraging as many as possible to enter the teaching profession.

The meetings usually feature a speaker who is employed in the field of education and is willing to answer questions concerning the various aspects of the teaching profession, the emphasis being upon elementary or secondary school teaching.

The F. T. A. is a nation-wide organization and the Mentor club is often invited to attend meetings and programs of other clubs in the area.

The students are also allowed to take over classes in the elementary school to gain experience and decide whether teaching is the field they desire to enter.

MUSIC
Mentor High School Band

Of the two major musical groups boasting by Mentor High, the band is probably the busiest. Under the splendid direction of Mr. William Nordman, its appearances span the school year, from marching at football games in the fall to playing at Commencement in June.

At the close of marching season the band begins a period of intensified practice in preparation for the annual Christmas concert. In the weeks prior to Christmas the halls are filled with the strains of Christmas classics, but as the new year gets under way carols give way to chorales as the time of the district band contest approaches.

In previous years the choir has received awards in district vocal contests, and the members are looking forward to further honors this year under the expert direction of Mr. Henck.

This year inaugurated a new policy as the choir decided to pursue a social program and sponsor a dance.
